## Board of Director's Profile: Johnny Bennett, CCD

Johnny Bennett attended Tampa Technical Institute and obtained an Associate of Science in Electronic Engineering. He lives in Delray Beach and has been a Member of the IBMSECU Board of Directors since 2000. He currently is a Director on the Board, Chairman – Business Controls Committee, Chairman – Business Development/Marketing Committee, and serves on the Personnel Committee. Johnny loves the credit union industry and is a participant in the Credit Union Executive Society (CUES), the Credit Union National Association (CUNA), the Volunteer Achievement Program, CUES Directors Leadership Institute, and the National Association of Federal Credit Unions (NAFCU). Johnny loves being with family. He also loves fishing and painting. Painting landscapes and ocean scenes from the Treasure Coast in St. Lucie and Indian River Counties has been an unexplored passion of his since he was in primary school. His uncle is world-renowned Highwaymen Artist, Alfred Hair. He grew up watching him create his masterpieces. Because Johnny's yearning to paint still exists, he will soon begin to explore using oils on canvas to fulfill this dream.

Why does Johnny serve on the Board? As a Manager of the IBM Calibration Lab in Boca Raton, Florida, which encompassed managing a \$12 million budget, he believed that it was imperative to enhance his finance background with the IBM Corporation. He researched and discovered that IBMSECU is a Member-owned financial cooperative, operated for the purposes of promoting thrift, and provided credit at competitive rates. Knowing and believing that he could benefit educationally, as well as benefit IBMSECU, he applied for the position of Supervisory Committee Chair and was granted this position.
